

March 2, 2023

To our Valued Customers,

I have owned Alaska Traffic for the last 18 years and I sincerely thank all our wonderful customers for their business and trust over the years. However, the time has come for me to step aside and help provide a positive future for our customers and employees.

I am pleased to announce Alaska Traffic has been sold to Span Alaska. It was important to me to find a company that has our same culture and value system, which we have found. Span Alaska has been serving the Alaska Market place since 1978. Span Alaska will honor your present ocean rates, but accessorial charges may vary. For those customers consolidating more than once a week, Span Alaska will work with you to find solutions that will work within the Span Alaska network. Span Alaska will be setting up introduction calls to review pricing, invoicing and operational needs in the very near future.

Span Alaska will be set up to receive your shipments at their Auburn, WA facility starting March 6. We will remain open until March 31 but would like you to re-direct your shipments to Span as soon as possible. In the meantime, we will be shipping your freight until you have transitioned to Span Alaska. All active freight consolidations at our Kent, WA terminal will be loaded on the March 24 sailing, with another final dock clearing taking place on the March 31 sailing.

We will be available to answer any of your questions during the month of March. Andrew Schwaegler, Alaska Traffic's COO, will be joining the Span Alaska team and several other employees will have an opportunity to transition to Span Alaska. Early next week we will provide additional information to help you transition to Span Alaska, including Pricing/Rates Department and Customer Service contact information.

I am very grateful for the relationships we have developed over the last 18 years, and I know you will continue to be in good hands with Span Alaska.

Again, THANK YOU!

Sincerely,

Tom Herche
Board Chairman
